We can help take the stress out of aged care services.

Home Care Package Management Service

The Australian Government's Home Care Packages Program provides older people who want to stay at home with access to a range of ongoing personalised services, support services and clinical care to help with day-to-day activities.

For a set fee we offer impartial advice on support services and help you navigate the often confusing aged-care sector.

Who is eligible?

Eligibility is determined by My Aged Care. You may be eligible for a package if you are:

How does it work?

Nominate Empower Care as your Aged Care Provider and we will help you:

- Decide which services are right for you by offering impartial, informative advice
- Set up service contracts for you
- Pay service providers on your behalf
- Keep track of your spending, providing you with monthly expenditure statements
- Assist you to change service providers.
