

# Do you care for a loved one with dementia?

Are you an informal male caregiver for a loved one with dementia? You may be eligible to participate in a study exploring how men experience this role, and how it impacts their lives.

This research will be undertaken as part of an honours dissertation by Griffith University student as part of their Bachelor of Social Work.

## Am I eligible to participate?

You are eligible for this project if: \*

- You are male
- You are over 50 years old
- You have been an informal caregiver for at least 3 months for someone living with dementia
- You live in South East Queensland

## What does the study involve?

You will be asked to participate in a 45 to 60 minute interview describing your experiences as a caregiver through a set of several questions. Participants will be given a \$40 Coles/Myer gift card on completion of the interview.

## What are the benefits?

As a participant in this study you will be contributing to the limited amount of research available on this demographic, as well as potentially informing future social work practice.
