Be Your Own Boss – Microbusiness Program

Microbusinesses, or businesses that operate on a very small scale, provide a great opportunity for you to earn an income, increase self-confidence and achieve greater independence.

Carers Queensland's Be Your Own Boss Microbusiness Program aims to empower, educate and support people with disability to start or grow their own microbusiness.

You will have the opportunity to discover your interests, learn about microbusiness, and connect with people in your local area.

By connecting with local business and peer mentors, you will learn how to grow your microbusiness in a supportive environment and showcase your interests and hobbies at local marketplaces.

This program has been successful in supporting people to develop confidence to create independence.
