Making life better

carersqld.com.au/careers

BE THE PERSON THAT MAKES LIFE

Find new meaning in a role that is building a connected and inclusive community.

Together we are dedicated to making life better.

Every day, we support unpaid carers and people with disability to achieve their goals and live their best life.

We are growing, and to support more people, we need your help!

Our programs reflect the diversity of our communities.

We approach life at work just like life in general – do what you love, and share it.

Working at Carers Queensland means joining a group of people committed to making life better.

It's our way of life and we've been doing it since 1989.

At Carers Queensland, you will work with amazing people!

We nurture a culture that celebrates our values and the diversity of our people, which in turn reflects the programs we provide to our communities.

BETTER!

Our investment in you:

We understand that other factors influence your decision to change jobs.

Culture is especially important, and it's something you can't always measure during a job interview.

While we pride ourselves on our values, culture, and commitment to the communities we support, we also want to make sure that there are other clear incentives for choosing to work with us.

We are committed to:

 **Being more competitive:** We offer competitive salaries and non-profit tax benefits to reduce your taxable income.

 **More flexibility:** Hybrid and other flexible working arrangements are available to make life easier.

 **More learning:** We offer ongoing training and professional development to grow your career.

 **More support:** With accumulated days off and employee assistance programs, we are here for you.

Join our growing team.
